# LETTER FROM THE COMMODORE

Greetings KYC Members and Friends,

I hope this newsletter finds you well and enjoying the small glimpse of spring we are experiencing. This weather reminds me that we are only a month or two away from boat launching season.

As I think about the life of the Kenosha Yacht Club, I am so grateful for the many details that are getting done each day and the events and activities that are in process. We have a great group of volunteers who offer many hours of work so that we move forward together.

If you haven't been to our upstairs area lately, you will notice some big changes when you do come by. Thanks to **Trustee Carol Stanley**, **House Chair Jim Pappas** and **Member Kathy Schulte**, our office is looking like an office again. They have spent many hours unpacking boxes, sorting out what is left after the fire and what is no longer needed. They have

cleaned, moved the furniture and begun to stock the drawers and shelves again. Thanks for all your hard work.

Jim has also completed some unfinished clean-up and painting and the bookshelves and unpainted and dirty areas are looking awesome. Thanks for the noticeable improvements, Jim.

Thanks to our **Vice Commodore, Amy Adams**, for the work she has put into tracking and updating changes to our Constitution and By-Law as we have worked through them. The new document looks so much better and we are lucky to have her share her time and knowledge in this area and keep us on track.

**Rear Commodore Rich Popovich** continues to work closely with our contractors as we move through phase 2 of our reconstruction and it is good to see progress continue. Thanks, Rich for all the hours you provide to get this job done.

Soon you will see new updated brochures in the bar and around town promoting the Kenosha Yacht Club and the Kenosha Yacht Club Foundation. They look great and we thank **Trustee Virginia Hartley** for her work to update and print both brochures and inserts. Thanks for your willingness to share your special skills in this area.

Our **Treasurer, Cecilia Lucas**, is working hard to manage our finances and provide accountability. We thank her for her commitment and willingness to share her skills on our behalf and the great job she is doing sorting through a huge amount of detail and working through some challenges.

Thanks to **Secretary Anne Cassidy** who provides awesome minutes for all our meetings and leads us through Club Express and all the other details that fall to the KYC Secretary. We are in good hands with Anne.

Wishing you all Good Winds as we move into Spring!

**Commodore Joyce**

**Scott Reich**, our Bar and Grille Manager, has been busy!

The bar is hopping every other Wednesday night with **Live Trivia Night**. The fun begins at 7:00 pm. Bring your smartest friends, or find some at the bar to team up with.

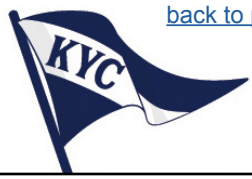

Word is getting around about his delicious **pizzas**. What began -- after we reopened -- as a barebones bar is becoming more lively and welcoming every month.

Spring seemed to come early this year, and Scott is getting ready to reopen **The Island Deck** as soon as the boats are in the water -- and the way things are going, boats might be in earlier than usual!

Many KYC events coming up for the bar, listed in this issue. But for some of us, including Scott, spring also means baseball! Soon Scott and his family will be getting to the ballpark, as they do every spring.

## *Report from the KYC Foundation*

Mike Ludtke

The KYC Foundation has been working hard over the winter to organize and get ready for the 2024 sailing season. We have two offerings for adult and family sailing lessons over the summer. Visit [SailKenosha.org](https://SailKenosha.org) to register for either program.

We have our First Sail Experience, which is a US Sailing program, offering the public access to their 'first sail'.

After the students First Sail, they can continue with instruction by taking our Sail 101. Or those with some exposure to sailing can jump right into the Sail 101.

Here are the details on the two programs:

Get your First Sail Experience with the Kenosha Yacht Club Foundation. Learn from our volunteers about the wonderful sport of sailing. All for just \$50.00/per person.

Each experience is two evening. The first evening, you'll learn about the boats and their operation. The following week, you'll get out on the water for your First Sail.

We offer three opportunities to take your First Sail: May, June & July.

**SAILKenosha!**  
KENOSHA YACHT CLUB FOUNDATION

**SAIL 101** – Take your sailing to the next level with our Sail 101 class. Our instructors are patient and experienced sailors.

In this four-session class you'll learn the theory & the language of sailing. Boat preparation and safety. How sails work, sailing angles, trimming, helming and more.

The first evening will be on the dock and for the following three weeks, you'll get out on the water to experience the joy of sailing and learn from some of the best sailors in Kenosha.

We offer three Sail 101 opportunities: June, July & August.

Visit [SailKenosha.org](https://SailKenosha.org) to register for either program.

## **Dock and Derrick**

### ***Dockmaster Doug Vaccarello***

***Spring is just around the corner which means launching boats at KYC. Let's get an early start so we can launch several on the same day to clear the dock for the buccaneers so John stops yelling at me.***

***The roof on the derrick house has been repaired and so far no leaks.***

## ***Racing Report***

### **Racing Committee Chair John Weiss**

Iceboating is 'officially' over in the midwest (wiping tears away...). So put a smile on as it means it's time to get your 'soft' water boat ready for the season! These 50 deg temps are perfect for sanding the bottom of your boat, double checking your list and checking off some "to dos", and making sure you are in the water in time to have fun on your boat when we reach 70+ deg days that are around the corner.

Race Registration is live on our KYC site - pricing is unchanged from prior years. Please get registered now and check that off your To Do list.

Few other things:

[2024 Race Schedule](#) is now on our KYC calendar (thanks Mike L)

Save the Date, May 30th, our 'Practice' race (so make sure you are in the water before Memorial Day weekend)

Heads up - we'll do our Spring race meeting on either April 20th or 27th. More to come, but maybe we can do a 'Starting' and 'Basic Rules' refresh at the bar after the meeting??

That's all for this issue - sail fast!
